| Athletes will have 3 attempts. The first put will be marked.The 2nd and rid puts must meet the minimum standard to be marke |  |  |

4X200M RELAY ONE RELAY PER SCHOOL

Starting the 2016-2017 season: In the horizontal events (Long Jump and Shot Put), athletes will have 3 jumps. The first jump will be marked. The $2^{\text {nd }}$ and $3^{\text {rd }}$ jumps must meet the minimum standard to be marked.

Athletes must meet the Gold Standard(s) in each event during the 3 regular season meets to qualify to compete in the Alabama Gold Standard Championship meet.

Athletes may only compete in 2 events during the 3 regular season meets (including relays).
Athletes do not have to qualify for the relays. All teams can enter multiple $4 \times 200 \mathrm{M}$ Relay teams in the 3 regular season meets.

Teams can enter only 1 relay team for the Gold Standard Championship. These relay athletes do not have to qualify in an open event during the regular season to compete in the $4 \times 200 \mathrm{M}$ Relay at the Gold Standard Championship.

Athletes can compete in the Gold Standard Championship meet in no more than 3 events provided they qualified in 3 events during the regular season.

3 events maximum per athlete for the Gold Standard Championship (relays count as an event). An athlete can compete in 3 open events in which they qualified (no relay), or can compete in 2 open events in which they qualified plus the relay ( 3 events). Athletes cannot compete in 3 open events AND the $4 x 200 \mathrm{M}$ relay.

The $4 x 200 \mathrm{M}$ Relay is run on a "3-turn Stagger." Meaning the first runner runs in her/his assigned lane for 200M, then ands off to the $2^{\text {nd }}$ runner in the same assigned lane. $2^{\text {nd }}$ runner stays in assigned lane through the curve, then can break inside past the cones leading to the straightaway. $2^{\text {nd }}$ runner hands off to the $3^{\text {rd }}$ runner in the lower exchange zone, who then runs inside. $3^{\text {rd }}$ runner hands off to the $4^{\text {th }}$ runner in same lower exchange zone, who then runs inside to finish. Please communicate this to your athletes. Meet officials are not there to coach athletes on how to officially run this race.
